

Product Description

The Aquillo Slim Integral Bezel light is fixed by a mounting ring at the rear of the bed head board. The light is neatly presented through a recess in the bed head. The lamp can be rotated left and right allowing control of the beam position.

Metal finish

The light comes in the following metal finishes:

- Clear Anodised Aluminium
- Anodised Titanium
- Anodised Bronze
- Polished Nickel Plate
- Gold

Dimensions

Depth/39.5mm
 Light Diameter/80mm
 Tail Length/500mm

Electrical

The light uses 1.7 Watts of energy and requires a 12v DC power Supply.

The Aquillo light is available in the following LED colours.

- Warm White
- Cool White

Additional information

The Aquillo Slim Integral Bezel light requires a driver for installing on a Mains voltage circuit. This driver should be installed remotely in a suitable area behind the fitting.
